

Welcome to the apartments 😊.

Basic information about what you can do as a family in this area can be found at: <https://family-fun.si/en/>

I believe you will enjoy and build strong family ties. **Spend some quality time with your family 😊.**

Disc golf on Areh

In addition to hiking and cycling, Pohorje offers many other activities. One of them, which has gotten a lot of attention lately, is disc golf.

Disc golf is a game very similar to traditional golf, except that instead of hitting the ball in the hole, we throw a Frisbee (flying disc) into a specially designed metal basket. The goal is the same: to finish the game in as few throws as possible. After the initial throw from the teeing ground, the player starts each subsequent throw at the place where the previous Frisbee landed.

Trees, shrubs and the rough terrain around the disc's flight path provide a challenge for the golfer. The hole is completed when the disk lands in the basket after the "putt".

Morning

Prepare a delicious breakfast in the morning. In nice weather you can enjoy it on the terrace overlooking Pohorje. Slowly organize your day.

I suggest you take a car to Areh.

Let the path lead you past [Koča Cojzerica \(Hut Cojzerica\)](#) (follow the signs for Cojzerica and then for Areh) where you can see one of [the pools under Žigartov vrh](#).

At the top of Areh, you can rent discs ("frisbees") in Ruška Koča.

Time for [DISC GOLF](#)

You start at number 1 and can continue to number 18. The whole game will take you about 2 hours. However, you will walk a couple of kilometres (without realizing it).

I suggest lunch [in Ruška Koča](#) and return to Ruše. You can also return to Ruše through Maribor and see the city of Maribor.

I leave the rest of the day to you. I suggest swimming in the pool, playing in the Sports Park or playing by the football stadium.

Have a wonderful day, Sabina

Of course, this is your time and maybe something else will inspire you on: <https://family-fun.si/en/>
